

Awesome Autism Parent Support Group

The Awesome Autism Parent Support Group is a community dedicated to providing a nurturing and empowering environment for parents and caregivers of children with autism.

WHAT WE DO

The primary goal is to offer emotional support, share resources, exchange experiences, and promote a sense of unity among parents, individuals, and families raising and child diagnosed with autism spectrum disorder (ASD).

This group supports:

Inclusive and Welcoming Environment: The support group is a safe space where all parents, regardless of their background or experiences, are welcomed and embraced.

Information Sharing: Valuable information about autism, including the latest research, therapeutic interventions, educational strategies, and community resources, is shared within the group.

Guest Speakers and Workshops: The support group might invite guest speakers, such as autism experts, therapists, educators, and medical professionals, to provide insights and guidance on various topics related to autism and parenting.

If you have questions contact:

p2p@wapave.org

All support groups will be supported by a PAVE facilitator that is a cultural/linguistic match for the families served.

These services are supported by funding from Pierce County through its Human Services Dept.

WHEN DO WE MEET?

Day: 2nd Thursday of each month. Quarterly in-person meetups.

Time: 12-1 pm PT

Location: Online via Zoom Platform
